RADIO CONTROLLED BACKHOE

http://tiny.cc/rcbackhoe

FEATURES & BENEFITS

- Full Visibility
- Proportional controls
- Fast and easy to use

The MultiOne Backhoe it's a best seller attachment: sturdy, reliable with a huge pushing force and almost 180° rotation. MultiOne believes in the continuous improvement: from now on it's available the radio controlled version of MultiOne Backhoe! The proportional controls assure smooth and accurate movements. Thanks to the radio control the operator's seat and hydraulic control are no longer necessary: you can control the backhoe directly from the machine seat or occupy the best position to see the digging area.

It's the best choice to operate on tight spaces and wherever the digging precision it's required. Three models of buckets are available and digging teeth can be installed: 2 teeth for Bucket 25 cm, 3 teeth for Bucket 40 cm and 5 teeth for Bucket 70 cm.
