

SWEEPER WITH COLLECTOR BOX

<http://tiny.cc/sweeper2>

FEATURES & BENEFITS

- Powerful sweeper for large areas
- Side brush available
- Humidification kit available

Whether traveling forward or backwards, this attachment quickly and quietly sweeps and collects dirt and debris, and easily dumps out the refuse. Perfect system for cleaning parking lots, sidewalks, loading docks, warehouses, and more. The MultiOne sweeper is equipped with a floating attachment bracket and 4 support wheels that guarantee smooth and easy sweeping operations. The sweeping angle is manually adjusted (30° to the left and + 30° to the right). Optional: 1) Collector box with electric opening. 2) Dust reduction water spray system is made up of a 12V electric pump, 4 spray nozzles, and one or two water tanks. 3) A single 500 mm (20 in) hydraulically driven side brush can be mounted on the right side of the collector box.

Note: the floating boom valve on the machine is suggested.
